Acclaim Super's insurance rollover facility

When you roll your client's super from another fund into Acclaim Super, Acclaim will **automatically match the level of group insurance cover** held with the previous fund, **without underwriting**. This cover is provided under our group policy and premiums.

To transfer insurance cover, the client will complete the Insurance Transfer Form containing a short

questionnaire confirming their eligibility and the level of cover being transferred from the previous superannuation fund.

A maximum of \$1,500,000 of existing cover for death or death and TPD, and \$15,000 per month for income protection cover can be transferred to Acclaim Super.

2. Retail Insurance - Platform

Acclaim Super's flexible insurance solutions include the ability for clients to link a retail insurance policy to their Acclaim Super account via the insurer's Platform Insurance Cover option.

After opening an Acclaim Super account, select Acclaim Super in the platform drop down list during the insurer's online insurance application process.

Acclaim Super is currently integrated with:

Once underwriting is finalised, the insurer will notify Acclaim Super of the insurance premiums due.

- If sufficient funds are in the member's Acclaim Super account, the premium will be paid to the insurer.
- Once Acclaim Super receives a copy of the insurance policy, a letter will be mailed to the member confirming their insurance cover details.
- Copies of all documentation will be emailed to the adviser.

3. Retail Insurance - Rollover

Most retail insurers also have insurance only superannuation funds. This allows you to establish a retail policy within the insurer's fund and pay the premiums through a partial rollover from the client's Acclaim Super account each year.

Please note: Acclaim Super has no visibility of this cover and it will not be recorded on the client's Acclaim Super account.
